## Terms and Conditions

Should you require a replacement door or drawer front and the original door style has been discontinued, we will replace the item with a product as similar as possible to the original, in style/quality. Fitting/labour costs are not covered.

Delivery of replacement parts or repair does not extend the original guarantee period and does not result in a new guarantee.

The guarantee is held by the purchaser and is not transferable.

Timber products are subject to some movement with changes in moisture in the environment. This movement may be expressed in the form of a hairline crack (whisper line) in the paint surface along the joint. This is a characteristic of painted timber products and does not represent a fault. Claims for whisper lines post installation will not be accepted.

This guide has been designed to support the proper care and maintenance of your furniture.
